

Features smooth, low-viscosity Acro-Ink

4 + 1 Wood

0.7mm
FINE

4 Colours Ballpoint Pen + Mechanical Pencil
Available Colours: (0.5mm)
(BLACK / RED / BLUE / GREEN)

Remarks

- Please do not use for any purpose other than writing.
- Avoid writing with the tip of the pen pointing above the horizontal.
- ※ Sliding the clip down one notch will expose the tip of the mechanical pencil writing unit, pushing down another notch will advance a lead.
- ※ The eraser can be used when the cap at the top of the pen is removed.
(Please use PILOT HERFNS-10 replacement erasers.)

Replacing a used ballpoint pen refill

- (1) While holding the grip, unscrew and remove the barrel.
- (2) You can now pull out the used refill.
- (3) Firmly insert a new replacement refill all the way in.
- (4) Securely screwing the barrel back on completes the job.
※ Please only use PILOT BVRF-8F (0.7mm/Fine Acro-Ink) refills.

How to refill a mechanical pencil with new leads

- (1) While holding the grip, unscrew and remove the barrel.
- (2) As shown in the diagram on the right, please point the pen tip upwards and pull out the mechanical's writing unit.
- (3) Drop in replacement leads.
(As they may get jammed, no more than three replacement leads at one time please.)
- (4) Please firmly insert the mechanical pencil's writing unit all the way in.
- (5) Securely screwing the barrel back on completes the job.
※ Please only use genuine PILOT leads (0.5mm).
